## QUALIFYING PROCEDURE

**ONLY COMPETITORS WHO ARE ENTERED FOR THE EVENT, PASS INSPECTION AND POSSESS A CURRENT, UNRESTRICTED 2022 NASCAR FEATURE DIVISION LEARNER'S PERMIT OR NASCAR FEATURE DIVISION LICENSE OR ABOVE WILL BE ELIGIBLE. ANY NASCAR ISSUED FINES MUST BE PAID. PHOTO IDENTIFICATION WILL BE REQUIRED AT REGISTRATION.**

All drivers must attempt to qualify for this event. The decision of what constitutes an official qualifying attempt shall be at the sole discretion of the designated event director.

**ALL CARS WILL BE IMPOUNDED AFTER QUALIFYING.** All cars must participate in the qualifying procedure – **RACE READY**. Work will not be permitted on any car after Qualifying or before the races on Saturday, September 24, 2022 with the exception of “approved adjustments” permitted by NASCAR Officials at a designated time period.

Qualifying will be as follows: **Practice times (as designated by NASCAR Officials) will be used to determine the qualifying order. All starting positions for the Feature Event will be determined through the four (4) 25-Lap Qualifying Races.** Qualifying times will be used to determine starting positions for the qualifying races.

**NOTE:** Cars participating in Qualifying will receive preference in the starting lineup according to their Qualifying speed, for one of the four (4) 25-Lap Qualifying Races. Cars which do not participate in Qualifying will be assigned a starting position for one of the qualifying races and will line up behind those cars which “qualified”. Starting field for each qualifying race is limited to 36 cars.

If all cars do not have the opportunity to qualify due to unforeseen circumstances, the starting field for the ValleyStar Credit Union “300” (200-Lap Late Model Stock Car Feature) will be determined by the following procedures:

Starting positions for the Qualifying Races will be assigned in order of the fastest times of the competitors final practice session. The designated event director will determine if all cars have had an opportunity to practice. If NO practice for this event is held, the starting field(s) for the Qualifying Races will be determined by the current NASCAR Advance Auto Parts Weekly Series National Driver point standings, starting with the driver ranked highest until all available starting positions have been assigned. All other available starting positions will be assigned to cars in the order of date of received entry coupon.

If one or more of the qualifying races are not completed, the starting field for the ValleyStar Credit Union “300” (200-Lap Late Model Stock Car Feature) will be determined by the following procedures:

1. Starting positions that were assigned by the Official Finish Order of any of the completed qualifying race(s).
2. The remaining starting positions through 39th will be assigned by the current NASCAR Advance Auto Parts Weekly Series National Driver point standings, starting with the driver ranked highest until starting position(s) 1st through 39th have been assigned.
3. Starting position 40th in the Feature Event will be assigned to Landon Pemberton, the winner of the 2021 ValleyStar Credit Union “300” at Martinsville Speedway (200-Lap Late Model Stock Car Feature), if entered in the event and has not already been assigned a starting position.
4. If any position(s) remains unfilled for the Feature Event, it will be assigned to cars in order of date of received entry coupon.

## RACE PROCEDURE

The NASCAR Advance Auto Parts Weekly Series Race Procedures (as per 2022 Rule Book) will be used for this event. These procedures will include the double file “cone” restarts and the use of the “free pass car” procedures. Only lead lap cars, which are not under penalty or involved in the caution will be permitted to take the cone. All lapped cars, including the “free pass car” must re-start at the rear of the longest line of the lead lap cars. Race procedures will be explained during the pre-race driver, crew chief and spotter meetings.

This race will be run in three (3) stages. There will be a 5-minute break at or near the conclusion of lap 100 and lap 175.

During the break(s), crews will be allowed up to four (4) new tires only for the Feature Race, that may be changed at their discretion during either break and make any other changes that can be made during the 5-minute break(s). All work during the break(s) must be performed in the car servicing area (pit stall) on pit road. No work is to be performed during any break until the last car in the field is in its assigned pit stall. Cars are not required to pit during the break(s). At the end of the break(s), cars will be lined up in their respective running order at the time of caution in the following order:

1. Lead lap vehicles that did not pit.
2. Lead lap vehicles that pitted and returned to the track in the proper time allotment.
3. Lap(s) down vehicles that did not pit.
4. Lap(s) down vehicles that pitted and returned to the track in the proper time allotment.
5. Free Pass vehicle.
6. Vehicles under penalty.

Cars exiting pit road once the one to go signal is given will restart at the tail. The restart after the break(s) will be the normal “cone” restart for this event. All lapped cars, including the “free pass car” must restart at the rear of the longest line of the lead lap cars. When the Race Director is ready to resume the race after the 5-minute break(s), cars must be ready to return to competition or start at the rear of the field.

Caution laps will be scored and counted in the four (4) 25-Lap Qualifying Races. Caution laps will be scored and counted in the Feature Event and in excess of the advertised distance if necessary. The race may be concluded with unlimited restart attempts at a green/white/checkered finish unless due to time restraints or adverse conditions a limit may be set and communicated to the competitors.

**NOTE: The Promoter and NASCAR reserve the right to make necessary changes in the schedule due to unforeseen circumstances such as, but not limited to, weather.**

### TRACK TIRE RULE

The Hoosier F-45 will be the only tire used at this event. Tire allotment will be four (4) sets total for the event. Tires will be distributed by sizes requested. Competitors will not be allowed in the tire trailer to "pick out" tires. Tires may be purchased and mounted on Friday, September 23, 2022 from 6:30 a.m. until 5:00 p.m. **All new tires must be purchased at this event.** Tires used in Qualifying must be purchased and mounted at the track prior to inspection and remain in the designated impound area until they are released for Qualifying. Practice tires on Friday will be limited to a maximum of two (2) sets. Up to one (1) set new tires will be allowed to be purchased for cars that advance to the Feature Event to be used at your discretion during the break(s). These tires will remain in impound until being released by the NASCAR inspector. Emergency change tires for flats/bent wheels, etc. must be practice tires purchased at this event. **ALL TIRES PURCHASED AT THIS EVENT WILL BE SCANNED AND RECORDED AND MUST BE USED ONLY ON THE CAR FOR WHICH THEY WERE PURCHASED.**

### SPECIAL RULES: ELIGIBILITY REQUIREMENTS

This event will be run in accordance with the applicable NASCAR rules as presented in the 2022 NASCAR Advance Auto Parts Weekly Series Rule Book, Late Model Stock Car Division, the provisions of this Official Entry Blank, any special rules applicable to the event, and any amendments thereto. In the event of any conflict between the Rule Book, the Official Entry Blank and the special rules, the NASCAR Officials will determine the interpretation and application of the conflicting rules and the decision will be final.

All car weights, engines, carburetors and carburetor spacers will be per the 2022 NASCAR Advance Auto Parts Weekly Series Rule Book.

Extensive pre-race inspections will be performed on all engines, including but not limited to, cubic inches (P&G) and compression (Whistler) before being allowed to compete.

All engines will be subject to complete disassembly during post-race inspection including cars chosen at random.

Penalties for non-compliance of the Rule Book and/or Specifications may consist of confiscation of parts and/or complete engines, and/or disqualification from the event, and/or fines and/or suspension.

All teams must provide a transponder for the event. The transponder must be mounted on the right side of the rear sub-frame side rail (beside the fuel cell) 14 feet 2 inches rearward of the leading edge of the front of the vehicle to the front edge of the transponder bracket. The transponder bracket must be mounted vertically with the square tab to the bottom. **ALL OTHER TRANSPONDERS MUST BE REMOVED.**

Each Team must have a spotter during practice, qualifying, qualifying races and the 200-Lap Feature. All spotters must scan the NASCAR frequency and are required to have radio contact with the driver at all times. It is recommended that the pit crew also have a radio scanner to monitor the NASCAR frequency. The frequency being used will be made available at the NASCAR Trailer.

All cars, parts and/or equipment will not be considered as having been approved by reason of having passed through inspection at any time or any number of times unobserved or undetected. All cars are subject to the physical control of NASCAR Inspectors from the time they enter the garage area until after they are officially released by NASCAR Inspectors. NASCAR, however, is not responsible for any loss or damage to any car.

Sunoco Racing Fuel will be available for purchase at the track for this event. If Sunoco Racing Fuel is used, it must be used exactly as supplied by Sunoco Racing Fuel's dispensing equipment at the track. Any other fuel must compare equally with the track fuel when tested. Each driver must furnish his/her own approved filler cans.

NOTE: All engine fluids, lubricants, solvents and fuels must be disposed of in a proper manner in accordance with track rules and procedures and all other applicable federal, state and local laws and regulations.

**No one under 14 years of age will be allowed in the infield or pit area.**

Only single and double digit car numbers will be permitted, NASCAR Officials and Martinsville Speedway Management reserve the right to make necessary number changes in Pole Qualifying, the qualifying races and in the 200-Lap Feature.
